INDUSTRIAL WASTES Subject Index Vol. 24 1978

Acid Wastes. Cost-Effective Treatment Recycles Dilute
D. G. Miller . . . . . N/D 22
Activated Carbon Can Treat Potato Processing Wastewater. Study Indicates
T. Viraghaven, A. A. Cocci, and R. C. Landine . . . . . M/J 30
Activated Carbon Removes Pesticides From Wastewater at Research Facility,
J. L. Birkmeier, S. A. LaRocca, and R. E. Haulsee . . . . . S/O 20
Aeration Cuts Process Time. Deep Tank
Melbourne L. Jackson, Chia-Cheuh Shen and Clarence Plopper . . . . . N/D 31
Aeration. Hydrocarbon Emissions From Refinery Wastewater
Clinton P. Richardson and Joe O. Ledbetter . . . . . J/A 26
Aeration Yields Effective Wastewater Treatment. Low Pressure
. . . . . N/D 26
Aluminum Manufacturer Removes Chromium
. . . . . J/F 24
Automotive Industry. Treatment Of Plating Wastes From The
M. J. Cullinane and J. D. Dietz . . . . . M/A 29
Baton Rouge, La. Combined Effluent Streams Treatment Combats Cost Energy Consumption
. . . . . J/F 20
Bedford, Ohio. Plastic Rotary Pump Provides 20-years Of Service
. . . . . J/F 19
Biological Treatment Solutions Utilize Fluid Jet Gas/Liquid Contacting and Mixing
M. G. Mandt . . . . . M/J 34
Biological Treatment Solves Low Temperature Wastewater Problems
Camille Charette and Jean Herbineaux . . . . . J/F 30
BOD Problem At Meat Packing Plant. Mutant Bacteria Solve
. . . . . M/A 40
Burlington, Iowa. Munitions Plant Uses Adsorption Technology In Wastewater
Robert P. Heck, II . . . . . M/A 35
Cedar Rapids, Ia. Fructose Plant Expansion Aided By New Wastewater Treatment Facility
. . . . . J/A 24
Chromium. Aluminum Manufacturer Removes
. . . . . J/F 24
Church and Dwight Co.'s Sodium Bicarbonate Helps Metal Plant Meet Federal Standards
Nicholas R. Barber . . . . . J/F 26
Collins Packing Plant Solves BOD Problem With Mutant Bacteria
. . . . . M/A 40
Columbus and Southern Ohio Electric Co. Enclosed Screw Pump
. . . . . J/A 44
Columbus, Ind. Diesel Component Plant Cuts Water Consumption With Reuse And Recycling
. . . . . M/J 20
Combined Effluent Streams Treatment Combats Cost, Energy Consumption
. . . . . J/F 20
Conesville, Ohio. Enclosed Screw Pump Selected For Generating Plant Application
. . . . . J/A 44
Cooling Water And Boiler Possibilities for Wastewater Reuse
Angelo C. Morresi and Paul N. Cheremisinoff . . . . . M/A 33
Corn Sweetners Plant Expansion Aided By New Wastewater Treatment Facility
. . . . . J/A 24
Corrosion And Maintenance For Oil-Water Separation Facility. Thermoplastic Chain Cuts
. . . . . S/O 34
Corrosion Resistant Vessels. Manufacturer Installs
. . . . . S/O 46
Cost-Effective Treatment Recycles Dilute Acid Wastes
D. G. Miller . . . . . N/D 22
Cummins Engine Co. Plant Cuts Water Consumption With Reuse And Recycling
. . . . . M/J 20
Dairy Industry In Poland. Industrial Waste Management In The
M. J. Gromiec . . . . . M/A 22
Deep Tank Aeration Cuts Process Time
Melbourne L. Jackson, Chia-Cheuh Shen and Clarence Plopper . . . . . N/D 31
Deer Park, Texas. Shared Pretreatment Facilities Cut Refinery's Operating Costs
. . . . . M/A 27
Diesel Component Plant Cuts Water Consumption With Reuse And Recycling
. . . . . M/J 20
Electronics Component Plant Recycles Dilute Acid Wastes
D. G. Miller . . . . . N/D 22
Eli Lilly Wastewater Treatment Upgraded
M. R. Hockenbury and A. J. Ulrich . . . . . J/A 32
Enclosed Screw Pump Selected For Generating Plant
. . . . . J/A 44
Exton, Pa. Pipeline Cleaning Assists Compliance With EPA Standards
. . . . . J/A 40
Foam Separation. Toxicity Removed By
K. S. Ng, L. A. Gutierrez and J. C. Myeller . . . . . S/O 36
Foremost Screen Print Plant Recycles Wastewater
. . . . . J/A 30
Fructose Plant Expansion Aided By New Wastewater Treatment Facility
. . . . . J/A 24
Gadsen, Ala. Waste Treatment System Combats Zinc Phosphate Pollution
. . . . . J/A 42
Greenfield, Ohio. Mutant Bacteria Solve BOD Problem At Meat Packing Plant
. . . . . M/A 40
Grenade Manufacturing Wastes
. . . . . J/A 42
Gulf States Utilities Combined Effluent Streams Treatment Combats Cost Energy Consumption
. . . . . J/F 20
Hussong/Couplan Chrome Removal Treatment System At An Aluminum Manufacturing Plant
. . . . . J/F 24
Hydrocarbon Emissions From Refinery Wastewater Aeration
Clinton P. Richardson and Joe O. Ledbetter . . . . . J/A 26
Hydrogen Peroxide Helps Solve Industrial Wastewater Treatment Problems
William H. Kibble, Jr. . . . . M/J 26
Industrial Applications Of Ozone.
Karel Stopka . . . . . M/J 23
Industrial Waste Management In The Dairy Industry In Poland
M. J. Gromiec . . . . . M/A 22
Iowa Army Ammunition Plant Uses Activated Carbon Adsorption In Wastewater
Robert P. Heck, II . . . . . M/A 35
Jet Gas/Liquid Contacting and Mixing. Biological Treatment Solutions Utilize Fluid
M. G. Mandt . . . . . M/J 34
Low Pressure Aeration Yields Effective Wastewater Treatment
. . . . . N/D 26
Manufacturer Installs Corrosion Resistant Vessels.
. . . . . S/O 46
Meat Packing Plant. Mutant Bacteria Solve BOD Problem At
. . . . . M/A 40
Metal Plant Meet Federal Standards. Sodium Bicarbonate Helps
Nicholas R. Barber . . . . . J/F 26
Methods of Estimating Sludge From Power Plant Systems
Nallagounder Kuppusamy . . . . . M/J 32
Mobile Dredging and Pumping Co. Pipeline Cleaning Assists Compliance With EPA Standards
. . . . . J/A 40
Munitions Plant Uses Adsorption Technology In Wastewater
Robert P. Heck, II . . . . . M/A 35
Mutant Bacteria Overcome Growth Inhibitors In Industrial Waste Facility
T. G. Zitrides . . . . . S/O 42
Mutant Bacteria Solve BOD Problem At Meat Packing Plant
. . . . . M/A 40
News
John J. Hassett . . . . . J/F 6, M/A 6, M/J 6, J/A 6, S/O 6, N/D 6
North Chemical Company Uses Mutant Bacteria In Industrial Waste Facility
T. G. Zitrides . . . . . S/O 42
Oil-Shale Retort Water. Study Evaluates Treatment For
Benjamin Harding et al. . . . . S/O 28
Oil-Water Separation Facility. Thermoplastic Chain Cuts Corrosion And Maintenance For
. . . . . S/O 34
Oil Well Operation/Maintenance And Salt-Water Intrusion: Policy Implication
Verlin Meier. . . . . M/A 42
Ozone. Industrial Applications of
Karel Stopka . . . . . M/J 23
Paddle Mixers Ensure Consistent Fluid Velocity
John A. Von Essen . . . . . S/O 25
Paper Mill Cuts Process Time With Deep Tank Aeration
Melbourne L. Jackson, Chia-Cheuh Shen and Clarence Plopper . . . . . N/D 31
Pesticides From Wastewater At Research Facility. Activated Carbon Removes
J. L. Birkmeier, S. A. LaRocca and R. E. Haulsee . . . . . S/O 20
Philadelphia Gear Corporation's Paddle Mixers Ensure Consistent Fluid Velocity
John A. Von Essen . . . . . S/O 25
Pipeline Cleaning Assists Compliance With EPA Standards
. . . . . J/A 40
Plastic Rotary Pump Provides 20-years Of Service
. . . . . J/F 19
Plating Wastes From The Automotive Industry. Treatment Of
M. J. Cullinane and J. D. Dietz . . . . . M/A 29

Poland. Industrial Waste Management In The Dairy Industry In
M. J. Gromiec . . . . . M/A 22
Potato Processing Wastewater. Study Indicates Activated Carbon Can Treat
T. Viraghaven, A. A. Cocci and R. C. Landine . . . . . M/J 30
Power Plant Systems. Methods Of Estimating Sludge From
Nallagounder Kuppusamy . . . . . M/J 32
Puerto Rico. Wastewater Treatment Upgraded At Drug Production Facility
M. R. Hockenbury and A. J. Ullrich . . . . . J/A 32
Puerto Rico Water Resource Authority Estimates Sludge From Power Plant Systems
Nallagounder Kuppusamy . . . . . M/J 32
Pump Provides 20-years Of Service. Plastic Rotary . . . . . J/F 19
Pump Selected For Generating Plant Application. Enclosed Screw . . . . . J/A 44
Recycles Dilute Acid Wastes. Cost-Effective Treatment
D. G. Miller . . . . . N/D 22
Recycles Wastewater—Solves Water Shortage Problem. Textile Manufacturer . . . . . J/A 30
Refinery's Operating Costs. Shared Pretreatment Facilities Cut . . . . . M/A 27
Refinery Wastewater Aeration. Hydrocarbon Emissions From
Clinton P. Richardson and Joe O. Ledbetter . . . . . J/A 26
Reichhold Chemicals, Ltd. Biological Treatment Solves Low Temperature Wastewater Problems
Camille Charette and Jean Herbineaux . . . . . J/F 30
Reuse. Cooling Water And Boiler Possibilities For Wastewater
Angelo C. Morresi and Paul N. Cheremisinoff . . . . . M/A 33
Reuse and Recycling. Diesel Component Plant Cuts Water Consumption With . . . . . M/J 20
Shared Pretreatment Facilities Cut Refinery's Operating Costs . . . . . M/A 27
Shell Oil's Deer Park Refinery Pretreatment Facility Cuts Costs . . . . . M/A 27
Sludge From Power Plant Systems. Methods Of Estimating
Nallagounder Kuppusamy . . . . . M/J 32
Sodium Bicarbonate Helps Metal Plant Meet Fed Standards
Nicholas R. Barber . . . . . J/F 26
Stokesdale, N. C. Textile Manufacturer Recycles Wastewater . . . . . J/A 30
Study Evaluates Treatment For Oil-Shale Retort Water
Benjamin Harding et al. . . . . S/O 28
Study Indicates Activated Carbon Can Treat Potato Processing Wastewater
T. Viraghaven, A. A. Cocci and R. C. Landine . . . . . M/J 30
Textile Manufacturer Recycles Wastewater—Solves Water Shortage Problem . . . . . J/A 30
Thermoplastic Chain Cuts Corrosion And Maintenance For Oil-Water Separation Facility . . . . . S/O 34
THUMS Long Beach Co., Long Beach, Cal. Thermoplastic Chain Cuts Corrosion And Maintenance For Oil-Water Separation Facility . . . . . S/O 34
Timex Corp., Little Rock, Ark. Installs Corrosion Resistant Vessels . . . . . S/O 46
Tomato Processing Plant Controls Soil Accumulation. Water Recycling Flow Scheme For
George E. Wilson and Jerry Y. C. Huang . . . . . J/F 12
Toxicity Removed By Foam Separation.
K. S. Ng, L. A. Gutierrez and J. C. Myeller . . . . . S/O 36
Treatment of Plating Wastes From The Automotive Industry
M. J. Cullinane and J. D. Dietz . . . . . M/A 29
Two-Loop Desulfurization Produces Zero Waste Discharge
Herbert H. Braden . . . . . N/D 19
Waste Treatment System Combats Zinc Phosphate Emission . . . . . J/A 42
Wastewater At Research Facility. Activated Carbon Removes Pesticides From
J. L. Birkmeier, S. A. LaRocca and R. E. Haulsee . . . . . S/O 20
Wastewater Problems. Biological Treatment Solves Low Temperature
Camille Charette and Jean Herbineaux . . . . . J/F 30
Wastewater Treatment Facility. Fructose Plant **Expansion Aided By New** . . . . . J/A 24
Wastewater Treatment Problems. Hydrogen Peroxide Helps **Solve Industrial**
William H. Kibble, Jr. . . . . M/J 26
Wastewater Treatment Upgraded At Drug Production Facility
M. R. Hockenbury and A. J. Ullrich . . . . . J/A 32
Water Consumption With Reuse And Recycling. Diesel Component Plant Cuts . . . . . M/J 20
Water Recycling Flow Scheme For Tomato Processing Plant **Controls Soil Accumulation**
George E. Wilson and Jerry Y. C. Huang . . . . . J/F 12
Wellman, S. K. Corp.'s Plastic Rotary Pump Provides 20-years of Service . . . . . J/F 19
Zanesville, Ohio. Meat Processing Plant Finds Low Pressure Aeration Effective . . . . . N/D 26
Zero Waste Discharge. Two-Loop Desulfurization Produces
Herbert H. Braden . . . . . N/D 19

INDUSTRIAL WASTES Author Index Vol. 24 1978

Barber, Nicholas R.
